Investigate Minimum Wage for Women

Although the special bill providing for a minimum wage for women was withdrawn early in the present session, Hon. J. R. Boyle obtained the approval of the legislature on Friday afternoon to amendments to the Factories Act which will enlarge the scope of the measure to create a permanent minimum wage board for women, this body to be the official continuation of the commission appointed last year to inquire into and report upon the question of women's employment and wages in the province.

The attorney general stated that to this commission would be left the authority to recommend what the minimum wages of women in certain industrial lines in the city would be. Upon this recommendation would be promulgated on order-in-council establishing such minimum wages. The commission named last year was composed of representatives from the Federation of Labor and from the Employers' Association, with a chairman appointed by the government. This board will be continued with its personnel altered, if necessary, but with the same representation.

but after an agreement has been reached with the bondholders, if a deficit exists, the general revenue of the province may be drawn upon to meet the obligations.

No More Raises

In Freight Rates

The increase in rates which the Board of Railway Commissioners were compelled to grant on September 13, 1920, will expire on July 1, 1922. Hon. Frank B. Carvell, chief commissioner of the board, told the members of the Canadian Club at Calgary, "If I am still chairman of the board at that time," he said, "you may be sure that there will not be a revision upwards in the rate."

Railways, railway workers and business men all over the country must realize that by that time there will have to be a change in conditions, and that it is as well to be brought about, Mr. Carvell said, declaring that the board will take far more pleasure reducing the railway rates in Canada on July 1, 1922, than it did in raising them last year.

Ontario "Dry"

Majority Now 135,000

Incomplete returns on the liquor referendum vote from 72 out of 81 electoral districts in the province show a "dry" majority of approximately 135,000. The first returns indicated the rural districts were overwhelmingly in favor of the whisky vote for importation. Outside of the city ridings only five electoral districts so far reported are in the "wet" column, and two of those—Port William and Rainsy River, and Port Arthur and Kenora—have so far furnished but meagre returns from the rural sections, which are showing "dry" majorities.

Province to Appoint Official Receivers

One of the important bills of this session of the legislature was given its third and final reading Friday, this being the amendments to the Municipalities Finance Commission Act, whereby the province will be empowered to appoint an official receiver for municipalities in default on bond payments. Not only is full authority given to levy and collect the full limit of taxation from such a municipality,

Development of the West

The proceedings of the Grand Trunk Arbitration Board now sitting in Montreal in connection with the valuation and acquisition of the Grand Trunk and Grand Trunk Pacific Railways by the Canadian Government, were culminated by the examination of Col. J. S. Dennis, of the Canadian Pacific Railway. Called as a witness to the history of the Canadian West, Col. Dennis—who perhaps, has a wider and more personal knowledge of its growth and development than any other man

Don't forget the B. O. R. dance in Redcliff on Friday evening of this week. Proceeds will also be made for those who wish to play cards. The event is to commemorate St. George's day. All are invited to attend.

The Presbyterian of Medicine Hat will meet in the Presbyterian church here on Friday evening, April 21st, at 8 o'clock to induct the new pastor, Rev. T. S. Paulk. Rev. Messrs. Claxton, MacKinnon and Wilson will take part. The public are invited to be present.

LOTS FOR SALE—50-foot corner Redcliff, for \$100. Apply to G. Parry, 340 Woodmont ave., Woodbine block 97, bet 1 and 2, in the town of Tights, Toronto.

Are you putting in a garden? If so call and enquire about our Opposite Fertilizer or Land Plaster. Land Plaster is an efficient fertilizer for all crops, particularly potatoes, clover, alfalfa, grass crops, peas, beans and garden truck generally. Gives excellent results when used in connection with Paris Green in dealing with potato bugs. It is particularly recommended as a means for increasing the

The first episode of the new series, "Lion Man," was shown by the Amuse-U theatre last Friday and Saturday. This serial promises to be most interesting, as the mystery surrounding it depicts the doing in modern society. The second episode will be shown Friday and Saturday of this week.

Ensilage Increases Milk Production

To turn losses into profits or to increase profits from the dairy herd, use Silage Feeding. Why? Because it is the modern method of feeding stock in winter. Because it supplies the cheapest and most nourishing food yet discovered for Dairy Cattle.

Because, being palatable a cow will produce one third more milk from Ensilage feeding than from any other form of food. Because with Ensilage feeding the hay and grain ration can be reduced without impairing the quantity or quality of the milk.

Because the hay will produce 6 to 7 times the weight of Ensilage crops as compared with hay crops.

We manufacture THE EMPIRE SILO and will be glad to furnish full particulars regarding cost and capacity.
